### ALLERGY AND FOOD RESTRICTIONS

Students will be eating at the LSU Cafeteria and at local restaurants. There will be times when food will be part of the classroom cultural experience. Students need to be aware of their own restrictions and make every effort to ensure their individual health and safety. Instructors and staff will make every effort to have a variety of food available so that each student can enjoy their stay regardless of restrictions. Please list any foods, beverages, and medications you are allergic to. Indicate also if you are vegetarian.

FOOD ALLERGIES
